The Best One Day Dental Meeting in North America!

Dear Exhibitor:

On behalf of the Toronto Academy of Dentistry we cordially invite you to join us on **Friday, November 13, 2009**, at the Metro Toronto Convention Centre, North Building to exhibit at the **Toronto Academy of Dentistry's 72nd Annual Winter Clinic**. Please find attached an exhibitor prospectus and contract containing the information you will need to exhibit at Winter Clinic.

In a continued effort to make this day an excellent sales opportunity for the dental industry, the Academy is continuing the success of **A Hands-on Experience** theme on the exhibit floor for its fourth consecutive year. Twenty companies participated last year, and we're striving for at least 25 in 2009! We strongly encourage all exhibitors to adopt this hands-on theme again, or for the first time, at their booth to entice dentists, hygienists and other office staff, to test and experiment with new products, equipment and services.

Again in 2009...

- Exhibitors who Pre-Register will receive their Badges by Mail
- More Rest Areas on the Exhibit Floor
- Lunch on the exhibit floor for representatives
- And much, much more!

This is a golden opportunity to give your company the competitive edge and to increase your sales. In order to make this project successful and irresistible to the smaller exhibiting companies, the Academy is willing to provide you with an additional space over and above your contracted booths at minimal cost to you. Please see details pertaining to this on the contract for exhibit space.

There are several sponsorship opportunities also available for your company to get involved with to maximize your exposure and create excitement on this day.

By working together, we can make the 72nd Annual Winter Clinic a most productive and prosperous day for all involved, and continue to be the best one-day dental tradeshow in Ontario!

Sincerely,

The service of a customs brokerage firm is strongly recommended for all shipments originating outside of Canada.

This will eliminate the possibility of materials being held at the border by Canada Customs due to improper or insufficient documentation resulting in these same materials arriving too late or not at all. Mendelssohn has been appointed as the official customs broker and will maintain staff on-site from the beginning of move-in until the end of teardown; assisting exhibitors with their entry/import and return/export of goods.

A comprehensive customs guide entitled "Canada Bound" is enclosed to assist in the preparation and distribution of documents. This guide contains the required customs information, all the necessary inventory and regulation forms with examples for easy completion. Prior to shipping, a set of completed documents should be faxed directly to Stronco, and the originals sent with the shipment.

Exhibitors using their own broker will have to arrange their own bond or cash deposit with Canada Customs at the point of entry into Canada.

Equipment and exhibits for the show may be brought in free of duties and taxes on a temporary basis. However, exhibitors bringing in goods for sale, or if any goods remain in Canada, full duties (if applicable) and taxes must be paid to the Canadian Government. Stronco has made arrangements with Canada Customs for a bond to cover all importation for this show.

Stronco will provide the following services:

- Post the required bonds and securities with Canada Customs
- Clear your materials through Canada Customs
- Prepare Export documentation and bills of lading
- Arrange customs clearance return for ground/air freight
- Provide on-site representation to consult and assist you throughout the show
